

My Skills

I have more than 6 years of experience in most of these skills.

.PROGRAMMING

XHTML : I code without the need of editors, creating custom-made, organized, and clean codes that validate for W3C web standards.

CSS : For advanced styling purposes and cross-browser friendly website templates.

JavaScript : Client-side dynamic contents, form validations, etc.

jQuery : Event handling, animating, and Ajax interactions.

PHP : I create clean and custom-made scripts on my own to provide dynamic, server-side generated, or even secured content to websites.

MySQL : Databases, stored information, custom data queries.

XML : To build external data structures.

Adobe Flash (CS5) : I'm an expert in using all common functions, writing or modifying scripts using *Actionscript 1 and 2, or 3.*

.DESIGNING

Adobe Photoshop (CS5) : Expert in creating, editing, designing, and manipulating images, interfaces, photos, etc.

Adobe Illustrator (CS5) : For creating vector-based illustrations (logos, product labels, covers, typographic elements, projects to print).

CorelDraw (X5) : For vector based project elements and illustrations.

Poser 3D : To create human faces and bodies in 3D for animations.

.OTHER

Adobe After Effects (CS5) : For advanced video editing. Get in touch with me for more information on what I can do.

Adobe Dreamweaver (CS5) : I used to use it for years, but I prefer manually built sites to it to avoid the mess in the code.

Vegas Movie Studio (9.0) : For simple video editing purposes.

WordPress (3.0) : I create fully customized templates, plugins, administrator interfaces to work with this awesome blog and content managing system.

E-mail: info@adamsas.com

I'm also available on Windows Live Messenger, AIM, and Skype.

I live in Hollywood, FL.

About me

Ever since I was 8 years old, computer science has been my driving motivation and my favorite hobby as well. At 10, I have received my first paying assignment to create the official website of my school. After a successful story in high school too – with lots of awards won on competitions – I began my studies in the computer field at the largest University of Technology in Hungary, where I fulfilled two semesters. As a Florida resident, I am currently enrolled in a Computer Science major at Broward College, FL. My further plans include transferring to the Florida Atlantic University in 2011.

Languages

English
Hungarian

... also studying Spanish,
German, and Hebrew.

Mac or PC

I'm proficient on both
systems; However, I mainly
work on a PC.

My Studies

2010–Present Florida Atlantic University *Boca Raton, FL, United States*

- My major is Computer Science.

2008–2010. Broward College *Davie, FL, United States*

- I have received the Associate in Arts Degree.

2007–2008. University of Technology *Budapest, Hungary*

- Studied at the famous John von Neumann Faculty of Informatics.
- Finished almost 2 semesters in Computer Engineering.

2003–2007. Lauder Javne Jewish Community School *Budapest, Hungary*

- Graduated; Earned a General Certificate of Education.
- Received the European Computer Driving License: Basic Concepts of IT, Using a Computer and Managing Files, Word Processing, Spreadsheets, Databases-Filing Systems, Presentation, Information and Communication.
- Took a special Multimedia course for Music and Film creation.

References

Please check out my website at adamsas.com, which contains a few of my recent projects.

If you would like to see more of my recent work, please send me an e-mail and request, or ask for a demo.

I am currently working on other upcoming projects as well.

At request for graphic and designing assignments, I can also provide a wide range of self-created works for reference.
